Ambient's experienced dance mixologists bring the party to you, playing appropriate music and also serving as the Master of Ceremonies. While your guests eat, we can play softer background music. After the meal, we'll pump up the party! The music is mixed and beat-matched so that your dancers never miss a step. If you desire, we can play line dances such as the Cupid Shuffle or Electric Slide, and play games for the younger guests. Bring a Club to Your Private Party with Video Capability. With today's multimedia dance clubs utilizing both music and video, Ambient can replicate this environment at your private party. As an option, we can bring our collection of music videos and ambient video effects that will be shown on a spacious 90 inch screen. This screen can also be used to run your favorite DVDs for visual backdrops, slideshows or other multimedia presentations. Our 2,300 lumens video projector translates into bright, brilliant color that looks truly impressive with the lights dimmed in a dance club environment. ### Mitzvahs

Congratulations on your upcoming simcha! Ambient DJ's bar/bat mitzvah service features a two person team consisting of an Emcee and DJ. We work closely with the bar/bat mitzvah and their family to create a unique and unforgettable event. The music - and activities - can all be selected by the bar/bat mitzvah. While the DJ/MC injects energy to the party, our philosophy is that the bar/bat mitzvah should be the center of attention - not us! We will do all that we can to showcase the celebrant throughout the program.

The music and entertainment can be customized to match with the event's theme. Our music collection includes all of today's top radio and hip hop selections, and we bring a dance club environment to the reception hall. Games and activities can be of the traditional variety - or something new and unique (let us know your ideas!). Alternatively, you may want to curtail the games and have an extended dance marathon. The balance between catering to the bar/bat mitzvah and their friends - and the adult guests - is also adjustable to your preference.

Upon booking Ambient, we will mail you a hard copy of our detailed mitvah planner. Approximately one month before the event, we prefer to meet in person with the family and bar/bat mitzvah to review the entire program in detail. At any time before or after then, you are welcome to consult with us by phone or e-mail with questions, or to discuss ideas.

DJs Spinz, Gary, Iron Mike or Gregg - are all available to MC your event. You will work directly with these individuals in planning your event. The DJ/MC team will be well-prepared for the reception, and striving to deliver a seamless and high impact performance.
