September 7, 2008 Dear Gregg, Thank you so much for the amazing job you did at our wedding reception! You chose a great mix of songs that allowed all of our guests an enjoyable evening. You went above and beyond all of our requests and made a very special and memorable day for us and our families. The blend of oldies with modern hits was appreciated and the block of Frankie Valli songs was a special touch for me and my family. It is unusual for Patrick to get out on the dance floor, and we were up dancing all night. Thank you so much for all that you did to make our wedding day special for us. We had an incredible time and look forward to other parties in the future where we can use your services. Several of our guests are in the process of planning their own weddings. I hope they will choose to work with Ambient DJs, as they have seen first hand the outstanding job you do and the entertainment you provide. Please be sure to list us as references if you should ever need one. Thanks much once again! Sincerely, Jennifer and Patrick McCauley

Dear Gregg, Thank you for a spectacular job doing the music for our wedding!!! You were just wonderful! I couldn't keep myself off the dance floor most of the night. From looking at the photos, our guests were having the same reaction. I got so many compliments on our choice of DJ---people thought you were terrific and said your music was incredible. You really kept the evening moving wonderfully, taking our list of song requests and filling in the rest with selections that created the feeling and spirit we wanted for our celebration. It was seamless. I think you made the night for the kids too. I was concerned that they might get bored at an evening "adult" wedding, but once they hit the dance floor, they were occupied the rest of the night. Your approach to DJ-ing is very professional and met our needs perfectly. The words that you used in your first email to describe your services were a perfect description of what you provided for us on our wedding: "We avoid cheesy DJ tactics and believe that the bride and groom should be the focal point - not us." I was initially very leery of hiring a DJ because I thought they were synonymous with "cheese." After meeting and talking with you I felt confident that we could get what we were looking for: music that we all would love to dance to without the traditional wedding-circus feeling ("and over here ladies and gentlemen, in ring number 3...is the mother of the bride limbo!") and we were right. You are the real deal. Thank you for providing us with a cool, classy and dignified night of excellent cocktail hour and reception dance music. We appreciate too, the time and care you took in helping us to create what we wanted. It was such a nice gesture that you came to our side of town for the meeting and then spent so much time helping us plan the music for the cocktail hour, reception and events like cake cutting and our first dance. Thank you for honoring all of our music requests too. To top it all off, you sent us a thank you card after the event. I would highly recommend you to anyone looking for a top notch professional to handle their music/DJ needs for any party. You are a class act. Thank you Gregg. You were such an important part of our wedding. We're both so glad to have met you too. All the best to you and your family, Sincerely, Lisa and Joe Andreacchi Hi Gregg---thank you so much for your note. First, we have to say that Mike did an AMAZING job---he was just perfect! And we were thrilled with your services, i.e., booking you the night before our party! Thank you again for your email and we hope to party again with you soon. Cheers to a great 2008! - Yuki & Johnmark

Hi Gregg!

How are you? Wanted to let you know how wonderful Chris made my 40th birthday party on Saturday night (June 7). People were still telling me how awesome he was the next day! He did great and really helped make the party so much fun. I can't thank him enough. We will definitely be requesting him again for our future parties. Thanks again for all your help!

Dear Gregg,

I know it's now almost 7 weeks after our wedding celebration, but I just wanted to take the time again to thank you for doing such a great job! You did everything exactly the way we asked, and remembered small details about special songs. You even made recommendations for things we never thought of. I know at the time I said I will highly recommend you for anybody who needs a professional DJ, and I still feel the same way.

Thanks again....you contributed to a great day and we really appreciate it!

Sincerely,

David & Ronel Rechen

Hi Gregg:

We just got back from our honeymoon, and wanted to take a moment to thank you for the wonderful DJ services at our wedding a couple of weeks ago. You were a true professional and went above and beyond with your counsel and advice. We certainly appreciated all your help and patience, especially since you received a lot of information from us at the last minute. If you'd like, Elizabeth and I would gladly serve as a reference for you in the future.

Thanks again.

Take care,

Dan JANUARY 2007 Dear Gregg~ Thank you for doing such a wonderful job at my 50th birthday surprise party. As is evidenced in the photos that we've received from family and friends the dance floor was THE place to be thanks to you. I know that I spent most of this memorable evening there enjoying myself more than I had in a very long time. Our guests, aged from 17 to 77, all danced the night away. Since the party my husband has shared with me all that he went through in planning this event. Apparently he found himself looking for a deejay on very short notice and it was just our luck that you were available. He also told me that he originally told you that the party would be "low key", which is pretty funny in retrospect! The guest list grew and so did the energy level. Being the professional that you are, you were able to quickly adapt to the needs of the party, both in your response to specific song requests and your general feel for the music that everyone would love. Also, I very much appreciate the CD that you gave me. It is a terrific memento of a great night. When I sent out thank you notes to my guests I included your name and website in case anyone is looking for a great deejay. Many people have mentioned this and agreed that they would gladly use your services. I can highly recommend you to anyone who is considering hiring one of the best deejays in the area. Jeff,

Congratulations on your upcoming nuptials. I have used Gregg's services on three occasions and each time Gregg was wonderful. I know it is difficult picking a D.J. and before I met Gregg I had the usual trepidation and uncertainty about whether I did the right thing in choosing him. I am happy to say Gregg put all my fears to rest and I consider myself fortunate to have found him.

We used him twice for our block party and once for a very large family reunion. Obviously each occasion is a little different with a different crowd but Gregg knew exactly how to plan for each event. He has great instinct about what music works for a particular crowd and plays the right songs at the right time to keep the party moving. He has just the

right touch of getting involved with the crowd without overdoing it or stepping on the musical program.

Gregg was also very accommodating about requests and went out of his way to provide special requests or meaningful songs for our events. In my experience Gregg is a reliable, professional D.J. and we are definitely going to use his services again for our next block party. He shows up ahead of schedule and gets set up in plenty of time and does a great job for the duration of the event. I gladly and highly recommend Gregg to my family and friends. All our guests rave about Gregg's performance and I have never had one complaint- only praise.

I wish you luck as you plan for your wedding. I think you will be very happy with Gregg's services. We just had our block party last week and the neighbors are still talking about what a great day it was and checking to make sure we will have "our" D.J. for next year! If I had known sooner I would have invited you to come by and see Gregg in action.

If I can be of further assistance please let me know. Best wishes for a beautiful wedding day!

Ian Doris

>From Christopher Grogan We had a great time away. Both Isabel and I wanted to thank you for really helping to make our wedding something to remember. You were willing to work with us, and that made the process a lot easier. You played everything we wanted, and yet added your own touch. You understood our sensibilities and because we did so much of the wedding ourselves, it made a huge difference in having things come off the way we wanted them to.

As I stated before, I'm pretty good at remembering, so if I hear anything from any of our friends (or family, I'll be sure to recommend you. Also, I'm going to give your card to my sister-in-law which give some much deserved business. Thanks again from the both of us, and we'll look forward to your package!

Much thanks,

Gregg,

I should be the one thanking you! Everybody had a wonderful time. I thought the night went even better than I had imagined. It was so nice to see everyone enjoying themselves and dancing. So many guests said that they could've partied all night.

Thank you so much. We had a wonderful time and I know our guests are still talking about it!

Dear Gregg I just wanted to one more time tell you how grateful I am for you taking on this job with less than 24 hours. You were great and everybody loved you. You were wonderful with the kids and I thought that was just so much more than a "DJ". The music was perfect-People just enjoyed it and it made the whole event that much better. You are definitely the number 1 DJ on my list for future events. Thank you again so much and I hope to work with you very soon.

We hired Gregg for our wedding ceremony and reception. From the beginning of the process he was extremely professional. He gave us 3 separate opportunities to go and see him at work at parties. Gregg gave me a wedding planner to fill out so I would get the exact scenario I wanted. First it had a schedule of events for precise timing. Then it had sections for requests, music types that would or would not be appropriate, and special dedications. Personally I needed timing to be flexible and Gregg was accommodating to that. He played all of my requests and dedications. I left it up to him to choose the guest arrival music and he did a wonderful job at choosing something to coincide with my ceremony selections. He showed up appropriately dressed and was not too vocal as was my request. We really just wanted to hear the music not a play-by-play from him. His song choices were completely right for my crowd and everyone had a great time. I found Gregg to be pleasant, professional, accommodating and talented. I absolutely recommend him for the job. If you have any other questions please feel free to ask. Hope your party is a great one!

Sincerely,
Liz

Hi Gregg,

I just wanted to tell you thanks for doing such a great job. Thanks for helping to make the wedding a huge success. Everyone had a great time.

Also, my mom said she thought the Mariachis gave you their card, and she was wondering if you could give us their phone number. She had found them through the Princeton Music Connection, but would like to be able to contact them directly.

Anyway, we will definitely recommend your services to anyone looking for a DJ.

Thanks again,

Alison

Dear Gregg,

I apologize for getting back to you so late but I just wanted to thank you soooo much for the great party you hosted for my husbands 40th Birthday party at The Knights Of Columbus in Garwood, NJ. I had gotten so many compliments about how great you were and I was truly impressed. I went to work that Monday and handed out your business cards to everyone I could. I wish I had met you two years ago so you could have played at our wedding that's how great you were. Your talent, your set up and your customer service is truly impressive. I wish you all the best in your business and will surely be using you for all and any upcoming events! If you ever need to use me as a reference please do not hesitate to do so. All the best to you!

Gregg,

Just wanted to thank you again for a great musical performance last Saturday. Everyone had a great time and were very complimentary toward the DJ.

Can you recommend a DJ in the Syracuse, NY area? My fiance (Gretchen) and I are getting married there May 5th, 2007 and are trying to find a reliable DJ. We'd love to request you, but we assume its a little far away. We'd gladly provide hotel accommodations at our expense if interested. We thought we'd at least ask since we really lucked out reserving you for our last birthday function.

Thanks again!
